

# MicroValue

All Purpose Microfiber Cleaning Cloth

## Application Area

MicroValue can be used as an all purpose microfiber cloth in General Building, Healthcare and Food Service cleaning. It is suitable for pre-prepared, bucket and spray wiping methods and can be used on all kinds of surfaces.

## Product Description

MicroValue is a warp knitted textile microfiber cloth. It removes greasy fingermarks and stubborn dirt without the use of chemicals. MicroValue can be used in all areas where fast and effective cleaning is required.

## Customer Benefits

**Time Savings:** MicroValue provides the outstanding cleaning performance of microfibers which makes cleaning a fast and easy job.

**Hygiene & Safety:** With the (red, blue, green, yellow) color coding system, cleaning processes in accordance to hygiene standards and HACCP principles can be applied.

**Professional Appearance:** Even after several washes the appearance of MicroValue is in line with the high demands of professional cleaning.
